THE UNIONIST POLICY.

The results of the meeting of the Unionist
Party on Wednesday will apparently be to dis-
sipate all the misunderstandings that have of
late arisen in the ranks of the Unionist Party.
The policy of Mr. Chamberlain on the leader-
ship question was clearly stated in the letter he
sent to Lord Ridley last week. He wrote:
"From the beginning I have made it abso-
lutely clear that in no circumstances would I
be a candidate for the leadership of the
Unionist Party—firstly, because after having
worked in the closest friendship with Mr.
Balfour for twenty years I will not place
myself in competition with him now; and,
secondly, because I entirely agree with those
who say that the leader of a party seven-
tenths of which are Conservatives should be
himself Conservative." And he expressed the
clear conviction that a great majority of the
party are "perfectly ready to accept Mr. Bal-
four's general leadership." Such an open and
emphatic statement was a guarantee of the
happy issue of Wednesday's meeting, which
we announced in yesterday's telegrams.
But policy is, in a sense, distinct from
actual leadership, and one of the best results of
the conference of the party has been the
decision to keep Tariff Reform as the first
constructive work of the Unionist Party. It
had been suggested that it should be shelved,
in view of the many other questions claiming
the attention of the Opposition. But the
adoption of such a suggestion would have been
disastrous, and the declaration of Mr. Balfour
will be welcomed as a satisfactory restatement
of policy and will lead to a united and energetic
Opposition, powerful in defence of its great
principles.

EGYPTIANISING KOREA.

The Japanese have told the world that the
policy of Lord Cromer in Egypt will be the
model whereon they will undertake the re-
generation of Korea. But it would appear that
our Eastern allies have a very crude idea of
Anglo-Egyptian methods, if we are to
believe the story published in the "Tri-
bune" of Thursday week. That Korea had
virtually passed into the control of Japan
we knew. The Russo-Japanese Peace Treaty
and the Anglo-Japanese Agreement both spe-
cifically recognise the right of Japan to take
such measures of "guidance, control, and
protection" in Korea as she may deem re-
cessary. But the details now forwarded by
the "Tribune" special correspondent are as-
tonishing. According to him the treaty by
which Korea in November last acknowledged
the predominance of Japan does not bear
the signature or seal of the Korean Emperor.
Some of the ministers refused to sign it; others
signed only under coercion. The Foreign
Minister was among the recusants, but his
seal was forcibly abstracted and affixed. And
now the Emperor is said to be virtually a
prisoner in his palace, which is guarded by
Japanese troops and swarms with Japanese
spies. Nevertheless, the enterprising correspon-
dent has succeeded in securing a document
under the Emperor's seal, in which he registers
his complete repudiation of the present regime.
It is a sufficiently striking piece of inner
history, and we await with much interest
further intelligence of the position of affairs.

EGYPTIAN COTTON IN SIND.

Reference is made in the annual report for the year ending March, 1905, on the experimental farms in the Bombay Presidency, to the operations carried out in Sind in respect to the cultivation of the Egyptian and American varieties of cotton. At Dhoranaro, a small experiment was initiated under what appeared normal conditions, with the one exception that the land was perhaps a little better than the average. No manure was used, and the methods of sowing and cultivation were followed. Compared with indigenous Sind cotton, the best Egyptian kind proved more profitable to the cultivator by about 250 per cent. It is probable that one of the Egyptian varieties will be found most suitable for the perennial irrigated tracts, while possibly one of the American varieties may succeed on some at least of the inundation canals. In the case of the American cotton only very small areas were cultivated, too small to admit of the yield being estimated. A further experiment is being undertaken on the Mirpurkha farm, and cultivators in other parts of Sind have been supplied with Egyptian cotton seed. In all about 1,500 acres have been sown with that variety during the current season, and if the harvest bears any proportion to the results quoted, an important development in this direction may be expected. (Textile Mercury, Jan. 27)

HAPPY HUSBANDS!

WHOSE WIVES HAVE BEEN CURED BY DR. WILLIAMS' PINK PILLS

The wife is the angel of the house. If she is in good health everything goes well. When she is ill everything goes wrong. Only a wife's eye can watch all the details of the household. There is no home so incomplete as that of a widower, and a husband whose wife is ill is almost a widower; happy are the husbands whose wives take Dr. Williams' Pink Pills. Here are the statements of two ladies whose husbands are happy in the knowledge that ill health has been banished by Dr. Williams' Pink Pills.

"My nerves were in such a bad state," said Mrs. Walden, 1, Temple Bar, Co. Dublin, near Portobello, "that I was constantly afflicted with neuralgia. I seldom got a good night's rest. I was run-down, weak, pale and thin. Household duties were beyond my strength. Then my husband suggested Dr. Williams' Pink Pills. With one box I felt decidedly better. After four boxes I was quite free from neuralgia and enjoying better health than for years past. My husband is delighted."

Mrs. Greenwood, now the happy and healthy mother of three children, who resides at 146, New Bond-street, Halifax, said: "I felt my health and strength giving away after a severe cold. I gradually became a wreck of myself, so weak that I couldn't cross the road. I was taken to the hospital, where I remained for weeks, but my case seemed hopeless. The doctors said I was bloodless. After being taken home, still helpless, I took Dr. Williams' Pink Pills. At first my appetite improved, then my melancholy fits disappeared; I regained health and strength. All women will realise my wonderful cure when I state that weakness and paleness of blood had made me wretched for months. Dr. Williams' Pink Pills cured me, and to them I shall fly should I ever happen to be run-down or depressed."

All husbands ought to know that for women Dr. Williams' Pink Pills are especially valuable. They are good for men, but absolutely indispensable for women. The delicate temperament of the weaker sex is frequently in need of a tonic and a supply of new rich blood. Dr. Williams' Pink Pills are the best nerve tonic and blood builder. They are a sterling remedy in cases of Anemia, Indigestion, Palpitation, General Weakness, Rheumatism, Sick Headaches, Neuralgia, Sciatica, Paralysis, Locomotor Ataxia, and Ladies' Ailments. Sold by all dealers; genuine only when bearing full name Dr. Williams' Pink Pills for Pale People (seven words). If in doubt send direct to Dr. Williams' Medicine Co., Holborn-via-tact, London. Post free for 2s. 9d. a box, or 13s. 9d. for six boxes. Sold in Egypt by all chemists at P.T. 13 per box or P.T. 70 per six boxes. Can be bought at the general depot: Max Fisher, Cairo, Hotel du Nil St. (1st floor), and Alexandria, Rue Stamboul, No. 8.

ARMY AND NAVY.

(FROM OUR CORRESPONDENT.)

London, February 8.
Captain and Brevet Major H. G. K. Matchett, Connaught Rangers, presently serving with the Khedive's Army, in command of the Cairo District, has been promoted to substantive field rank in the Rangers, which, however, is below his local rank, which is that of Lieutenant-Colonel. Lieutenant-Colonel Matchett has been connected with the Rangers for over 19 years, the past ten of which he has been with the Egyptian Army. He served in the Dongola Expedition of 1896, under Kitchener (British medal, and Khedive's medal), and he saw further service in the Sudan the following year (clasp). In Kitchener's avenging march to Khartoum he commanded the newly raised 18th Egyptians and handled them well at Omdurman (mentioned in despatches, brevet majority, medal with clasp). In the subsequent operations of 1899, he commanded the base at Omdurman (clasp).

Lieutenant C. W. E. Gordon, 2nd Battalion Black Watch, Peshawar, who has been selected for service with the Egyptian Army, got his first commission in the Black Watch, from the 3rd Battalion, in October, 1899. He served in the South African War, with the 2nd Battalion, including the advance on Kimberley, the actions of Paardeberg, Poplar Grove, Driefontein; operations in Orange River Colony, the Transvaal and the Zululand Border of Natal (Queen's medal with four clasps, King's medal with two clasps).

The establishment of the Royal Garrison Artillery in Egypt has been fixed at six (six) and 144 of other ranks in one company. No. 2 Company in Egypt is affiliated with No. 1 Depot, Dover.

It has been decided that service with the Tibet mission escort is to be considered as war service and recorded in the Army List and elsewhere accordingly. The record will be as follows:—Tibet, 1903-4, for all who served with the escort between December 13, 1903, and September 23, 1904, followed when necessary, by a reference to any of the particular operations specified in the case of those who actually took part in them:—(1) action at Aiani, June 16, 1904; (2) operations at and around Gyantse between May 5th and July 6th, 1904; (3) march to Lhasa, July 14th to August 3rd, 1904.

In connection with the forthcoming manoeuvres a novel idea could find a place. The suggestion has been made that during the week of the grand united manoeuvres, all merchant ships bound to or from the Mediterranean and the South Atlantic ports should place themselves under naval command, and allow their comings and goings to be made subject to naval necessities in the form of convoys, as would be the case in wartime. Of course this experiment would give a good deal of trouble, not to mention some loss in these high-pressure days, and perhaps in the light of commercial enterprise the game would not be worth the candle.

JERUSALEM.

(FROM A CORRESPONDENT.)

Jerusalem, February 5.
Mr. Haydn Righton gave his third organ recital at St. George's Collegiate Church, Jerusalem, on the 3rd inst. The principal item was Bach's familiar Fugue in G minor, which was skillfully executed, though a practiced ear might have detected a slight tendency to hurry in one of the more intricate of the pedal passages. A delightful interpretation of a Nocturne by Widor and an Andante by Schubert were very pleasant features. The programme included two solos by the Rev. J. Carnegie Brown, "If with all your hearts" and "There shall the righteous shine," both from Mendelssohn's *Elijah*. Mr. Brown's voice has evidently been well trained and his renderings were devotional; Mr. Righton's accompaniment was faithful and sympathetic.

The recital opened with the overture from *Samson* and ended with the "War march of the Priests"; other items were an *Allegro Moderato* by Rubinstein and an *Andante* from Smart.

In spite of the unfavourable weather about 100 people were present and a collection made in aid of the Choir Fund realized over 70 francs.

EGYPT AND CYPRUS.

The "Cyprus Journal," in its latest issue, is noting the 4 per cent. reduction in the import duty on cattle and sheep, remarks:—
"The striking advantage to Cyprus of this reduction, however, is entirely nullified by the most unfortunate cessation of the weekly mail service between here and Egypt, which we are authoritatively informed, has led to the complete stoppage of the trade in cattle and sheep, etc. Writing on 5th instant, our Larnaca correspondent says:—'The khans are full of animals eating their heads off and causing heavy loss to their owners, who will cease purchasing for export. There is an utter stagnation in our cattle trade with Egypt.'

"In the same issue of the Board of Trade Journal we read:—'Import duties on salt in Egypt. The Board of Trade are in receipt, through the Foreign Office, of information to the effect that the Government salt monopoly in Egypt will expire on the 1st January next, after which date salt may be imported into Egypt on payment of a duty of 8 per cent. ad valorem.'

"This should lead to a good opening for the export of salt from Cyprus."

STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

Pe-ru-na a Necessity in the Home.

J. B. Alexander, Publisher of the "Fruit and Floral Guide, A Magazine of Horticulture," published in Hartford City, Ind., says of Peruna:
"I was afflicted with catarrh of the throat and head for over ten years. I was treated by many physicians, but grew worse until I was advised to try Peruna, which I did, and I am now entirely well of the catarrh."

"Peruna is a necessity in our home. With the first symptoms of a cold we use it, and are never afflicted with catarrh."

"I advise all who are afflicted with catarrh to try Peruna. There is certainly nothing equal to it as a catarrh medicine."—J. B. Alexander.

Pe-ru-na is a Systemic Remedy.

If Peruna will cure catarrh in one place, it will cure it in any other place, because it is a systemic remedy.

Pe-ru-na Always on Hand.

Mr. Fred Schnell, Lakeview, Erie Co., N. Y., writes:
"I had been a sufferer for more than thirty years with catarrh of the intestines. I had used a great deal of medicine to no avail, so I decided to try Peruna."

"I have now used thirteen bottles and can give you the joyful tidings that I have no more trouble. I always keep Peruna on hand."—Fred Schnell.

The people generally are very much misinformed as to the nature of catarrh. Catarrh is usually believed to be confined to the head, nose and throat. Later we sometimes hear of catarrh of the stomach and catarrh of the bladder. Seldom, if ever, do we hear of catarrh of any other organs.

It is not because these organs are not subject to catarrh, nor that catarrh of these organs is not a very common disease, but simply because it is not generally known that affections of these organs may be due to catarrh.

Had Catarrh Thirty Years.—Pe-ru-na Cured Him.

Mr. Gustav M. Schmidt, Spring Valley, Ill., writes:
"I had catarrh of the head and throat for over thirty years. It became worse every year."

"About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind."

"You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."—Gustav M. Schmidt.

Dr. Hartman Makes Personal Use of Pe-ru-na.

In speaking of his own personal use of Peruna, Dr. Hartman says:
"For a number of years my professional duties have compelled me to be much on the road, traveling long distances by rail, night and day, exposed to all kinds of vicissitudes, sleeping and eating in different hotels continually, and through it all I have preserved myself from any derangement of the body resulting from catching cold."

"At the slightest evidence of a cold, a few doses of Peruna invariably checked it."

Mr. Henry Schroeder, Route 2, Napoleon, O., writes:
"I suffered for almost ten years with catarrh of the stomach and all doctoring was of no avail."
"I took nine bottles of Peruna and two of Manalin and am now entirely cured."
"I recommend the medicine to all who are afflicted with this disease. It is my household friend."—Henry Schroeder.

A Farmer's Talk to Farmers.

Before Dr. Hartman began the study of medicine he was a farmer boy. He was brought up on a farm in Southern Pennsylvania.

He belonged to that industrial, successful class of farmers known as the Pennsylvania Dutch, the best farmers in the world.

It was here that he early learned the lesson of pulling obnoxious things out by the roots.

Dr. Hartman's Method of Treating Catarrh.

Naturally, when he began the study of medicine his mind turned instinctively toward the removing of causes. He could not content himself with doctoring symptoms any more than his enterprising father could have contented himself by pulling off the tops of weeds to eradicate them from the soil.

The Doctor turned his attention early to the science of removing the cause of

diseases, believing that obnoxious symptoms would disappear if the cause of the disease was removed.

In other words, Dr. Hartman applied the common sense of the practical farmer to medicine, and after much experimentation Peruna was compounded.

The sensible farmer does not think of cutting off the tops of weeds to kill them. He pulls them up by the roots.

Dr. Hartman Interested in Farming.

Notwithstanding Dr. Hartman's busy professional career, he still continues to be interested in farming. He is the owner and manager of one of the largest farms in the State of Ohio, with several thousand acres of the best tilled land in the Middle West, and with hundreds of the best blooded percheron horses ever imported or raised in this country.

Dr. Hartman relies upon Peruna entirely in case of sickness in his own family.

At Work on the Farm.—Praises Pe-ru-na.

Geo. H. Thompson, Raleigh, Miss., writes:
"I have been cured of catarrh by your medicine, Peruna and Manalin. I had been affected with catarrh of the stomach about all my life, and was taken bad every spring and summer."

"I used several kinds of patent medicines, but they did me no good. I then took a treatment under an M. D., which did me but little good. By this time I had got where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything."

"I began taking your medicine, Peruna and Manalin. I then weighed 120 pounds, but after taking 17 bottles of Peruna and one bottle of Manalin, I weighed 160 pounds."

"I am now at work on the farm and feel well all of the time. I cut all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."—Geo. H. Thompson.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonials are genuine; that we hold in our possession authentic letters certifying to the same.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Pe-ru-na is for sale by all chemists and druggists at five shillings per bottle or six bottles for twenty-five shillings.

Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U.S.A.

The following wholesale druggist will supply the retail drug trade in Alexandria, Egypt.

MAX FISCHER, Cairo and Alexandria, Egypt.

NOTES ET CRITIQUES

Caire, 16 février.
Le taux de l'escompte à Londres vient d'être élevé de 1/8 à 4 %. On trouvera plus loin les raisons qui ont déterminé ce renchérissement temporaire du loyer de l'argent.
Le Consolidé anglais a baissé de 1/8 à 90 3/4. L'Unifiée est en reprise de 1/8 à 105 1/4. La National Bank, l'Agricole et la Delta sont restées inchangées.
A Paris, l'action Crédit Foncier Egyptien a réagi de 3 francs à 804. La Banque d'Athènes a regagné 1 franc à 143.

Notre marché des valeurs a débuté ce matin assez ferme, et les cours se sont plus ou moins maintenus sur presque toute la ligne.
La National Bank est revenue à 27 7/16 l'action ancienne et à 26 1/2 la nouvelle. L'Agricole s'est raffermie à son cours d'hier. La Cassa di Sconto a fléchi à 95 l'action ancienne et à 92 la nouvelle. Le Comptoir Financier a progressé à 59 1/16. Le Crédit Foncier est resté à 809.

Aujourd'hui encore, les honneurs du marché ont été pour les parts de jouissance Baux du Caire, qui, de 275, ont haussé à 285. Nous disons plus loin le motif de ce mouvement.
D'autre part, les dividendes Tramways d'Alexandrie ont gagné 12 francs à 326.

L'Agricole du Nil est montée à 261 et la Nilo Land à 6 3/4. La Brasserie des Pyramides s'est tenue à 119; la part de dividende a avancé de 56 à 60.

Le groupe des Hôtels a été calme. Les Nungovich ont progressé à 13 3/4 et les Upper Egypt sont revenus à 5 11/16.
Parmi les petites valeurs, bon mouvement sur les Osis, qui ont rattrapé le pair. Les Delta Land, qui ont ouvert à 2 13/16, ont clôturé à 2 11/16.

La souscription publique de la Société d'Entreprises Immobilières et de Travaux a été clôturée hier soir.
Les demandes ayant dépassé le nombre d'actions offertes, les souscriptions de 1 à 100 actions seront allouées en totalité; les souscriptions dépassant le chiffre de 100 actions subiront une réduction à déterminer.

La Société s'est installée dans ses bureaux maison Luzzato, rue El-Madabegh N° 23 (en face l'immeuble Coroneo) et a déjà commencé à travailler. Elle a conclu hier sa première affaire de courtage en terrains dans des conditions très avantageuses. C'est d'excellent augure pour l'avenir.

Nous apprenons que le conseil des ministres a définitivement statué sur la question des agents du Caire, dont la construction immédiate a été décidée. Un ingénieur spécialiste a été télégraphiquement appelé d'Europe pour la surveillance des travaux.

Le décret khédivial sanctionnant la résolution du conseil paraitra incessamment au "Journal Officiel."

Le vif mouvement de hausse qui vient de se produire sur les Baux du Caire doit être attribué à cette importante décision du gouvernement.

Nous détachons d'une lettre de Londres, en date du 9 février, les lignes suivantes relatives à la situation monétaire:

"Les conditions du marché monétaire continuent à se modifier dans un sens plutôt favorable. Mais la détente que l'on espérait pour les premiers jours du mois ne s'est pas produite, et il y a peut-être lieu de s'attendre à une prochaine élévation du taux de l'escompte. De fait, la Banque a dû renouveler avec les grandes établissements une opération qui met à sa disposition, jusque vers le 20 février, une somme importante de disponibilités dont est ainsi privé le marché."

"On estime que la Banque agit prudemment, car sa position, tout en s'améliorant, est encore loin d'être ce qu'elle devrait être pour la mettre en mesure de faire face à toutes les éventualités. Son stock métallique est inférieur de plus de deux millions de livres à celui qu'elle possédait il y a un an, et il manque à sa réserve environ trois millions pour égaler celle existant à cette époque en 1905."

"Prochainement, semblables opérations, dont la but est surtout de rendre à la Banque, dans un intérêt général, la main haute sur notre place, deviendront momentanément inutiles, car ce but sera atteint par la perception des impôts, dont le produit sera versé dans les caisses de la Banque."

Il y a eu ces jours derniers un fort mouvement de hausse à Bruxelles sur les parts de

jouissance Tramways du Caire. De 690, le cours est monté successivement à 720, 740 et 750 acheteurs d'après les télégrammes reçus hier soir.

Les cours du coton sont arrivés presque invariables d'Amérique. L'Octobre seul a haussé de 1 point à 10. 41.

Les arrivages ont été de 14,000 balles contre 13,000.

Le marché de Liverpool est également stationnaire.

Ici, le Mars a ouvert, ce matin, à 17 9/16 pour clôturer à 17 3/4.

VOLS DE COURANT ELECTRIQUE

Le Tribunal Consulaire de S. M. le Roi d'Italie siégeant correctionnellement, à Alexandria, a rendu son audience du 28 janvier 1906 deux jugements intéressants.

Il résulte de ces décisions que le détournement du courant électrique pour en avoir jouissance constitue un vol, soumettant celui qui se livre à un pareil détournement, à l'application des peines en matière de vol.

Quoique l'électricité soit un agent immatériel et intangible, elle est néanmoins, aux termes de ces deux décisions, la "chose" dans le sens juridique du mot, dont le détournement constitue le délit de vol.
Un des deux délinquants a été condamné à deux mois de prison.

REVUE COMMERCIALE

Coton

Malgré le haut niveau des prix que nous avons atteint et qui semblait impossible à maintenir, malgré l'idée qui avait prévalu pour un moment qu'il ne pouvait plus exister de découvertes importantes pour se prêter à une nouvelle exploitation et malgré l'hésitation qui avait commencé à poindre à la fin de la semaine passée à la suite des ventes assez rondes que l'on avait attribuées au commerce, les détenteurs de contrats ont de nouveau répété leurs manœuvres des deux semaines précédentes et, ce qu'il y a de plus étonnant, c'est que leur succès a encore une fois été complet. Le marché, au fond, n'a pas en l'air de décevoir dont nous avons parlé dans nos dernières revues, mais il n'en est pas moins vrai cependant que sa tenue a été plus extraordinaire que jamais et qu'il y a de quoi vous ébahir à voir comment en deux jours, à des cours aussi élevés et sans le moindre fait de dehors pouvant en fournir le prétexte, on a pu faire une hausse de 3/4 de tallari plein. En effet, le maximum pratiqué à midi de 18 5/16 pour Mars et c'est dans l'après-midi de lundi qu'on a eu à l'enregistrement. Depuis lors, c'est-à-dire à partir de mardi, tant sur les réalisations des personnes réfléchies qui préféraient profiter des circonstances favorables pour assurer leurs bénéfices, que sur des ventes assez rondes de cette catégorie qui sont communément appelées ventes sérieuses dans le langage de la bourse, une réaction graduelle s'est produite et nous a fait reculer jusqu'à 17 17/32 vendeurs dans la matinée d'hier.

A ce point la tendance semblait tellement mauvaise que certaines agences de courtage de notre place ont dû devoir téléphoner à leurs clients du Caire que dans leur propre intérêt il était urgent de soutenir le marché par quelques achats. Ce conseil a été écouté et c'est là l'explication de la reprise soudaine que nous avons eue hier dans l'après-midi.

Ce matin, et quoique à l'ouverture un ton de soutien ait été apparent, les choses ne promettaient pas beaucoup pour la journée, mais comme il est dit que sur notre place la chance doit invariablement être du côté de l'acheteur, les énormes exportations de la semaine, dépassant de 20 % les plus fortes prévisions, sont venues bien à propos stimuler l'ardeur de nos hausseurs et le résultat de leurs efforts a été que nous sommes remontés en clôture ce soir à 17 15/16.

C'est sur cette cote que se termine la semaine et cela nous fait 3/8 de tallari d'avance sur vendredi dernier, avance définitivement gagnée d'une façon indépendante et grâce au seul engagement de nos hausseurs, car l'Amérique dans cet intervalle n'a fait que tourner dans un cercle vicieux, tandis que le découvert, cette source intarissable de bonne réussite cette année pour nos acheteurs de contrats n'a réellement causé la hausse, on n'y a contribué pour le moins que dans la matinée de samedi et la journée de lundi.

C'est beau, mais ce petit jeu est dangereux; remuer, tout en maintenant cette opinion, on est forcé de reconnaître que la spéculation trouve un élément de vigueur peu ordinaire dans cette question des exportations qui commence à faire perdre la boussole un peu à tout le monde. On nous avait dit, et nous l'avons répété à satiété depuis deux semaines, que les expéditions de Février n'auraient pas été importantes, contrairement à celles de Mars qu'on s'attendait à voir atteindre de gros chiffres, mais cette information publiée à bonne source nous voyons que le mois courant est si fort, que sera-ce donc en Mars? Il faut s'attendre que nos informateurs ignorent l'importance des derniers achats de l'Amérique, on comme d'aucuns le prétendent, que nos exportateurs sont regardés plus qu'on ne le dit, comme tendant à la faire croire l'opinion ferme pour la hausse exprimée dans plus d'une circulaire des maisons d'exportation.

Le fait est qu'on ne sait plus à quel avis se ranger et si par malheur, et contrairement à tout indice basé sur les arrivages, la récolte ne

devait pas dépasser les estimations de 6 à 6 1/4 millions de cantars, nous pourrions en voir de bien belles pour l'avenir, par le fait que dans une telle alternative, le marché s'affranchirait de toute influence légitime et commerciale, et irait de l'avant au gré et caprice de la spéculation. Une chose pourrait cependant avoir raison de la ténacité de cette dernière, ce serait l'émission de quelques grosses filières en Mars. Les uns prétendent que, tout considéré, pareille éventualité est peu probable, mais d'autres par contre, et ceux là naturellement dans le clan des baissiers, affirment que Mars verra des surprises à ce point de vue et vont jusqu'à soutenir qu'une de nos grosses maisons intéressées comme vendeuse de contrats, s'est assurée à Liverpool 13.000 balles de coton qu'elle compte faire revenir pour les mettre à disposition contre contrats.

Tout étant possible en affaires, le fait n'aurait rien de fantastique, mais au fond nous n'y croyons guère et ce n'est qu'à simple titre de curiosité et comme chroniqueur fidèle que nous nous faisons l'écho de ce bruit. Il y a toutefois un point incontestable, qu'il ne faudrait pas perdre de vue, c'est que, à un moment donné, la différence entre les prix de Liverpool et les nôtres était tellement colossale, que l'idée d'une pareille opération a bien pu germer dans la tête d'un gros faiseur, tout en restant à l'état de projet. Dans tous les cas, la prudence commanderait de ne pas oublier que le proverbe dit: "Il n'y a pas de fumée sans feu".

Le novembre a dû nécessairement suivre la hausse de la vieille récolte, mais comme de juste beaucoup plus lentement. En effet, de 15 7/32, nous trouvons aujourd'hui le mois en question à 15 7/16, ce qui limite à 7/32 en tout la hausse à quise.

Quant à la flature, pas plus sur la prochaine récolte que sur l'actuelle elle n'a opéré ces derniers jours et la meilleure preuve que nous avons de cette diminution ou de cette cessation de la demande est le manque absolu d'intérêt montré par l'exportation aux contrats novembre, ainsi que le ralentissement marqué dans les affaires en disponible. Certes, il y a bien toujours quelque consommateur besogneux qui envoie de petits ordres par ci, par là, mais dans l'ensemble les flateurs ont l'air d'être entièrement approvisionnés pour le restant de la campagne ou d'avoir suffisamment acheté à livrer pour pouvoir attendre des occasions plus propices pour les besoins limités qu'ils pourraient avoir encore à couvrir d'ici la prochaine récolte.

Quant aux corps officiels établis ce matin pour le spot, il nous montrent une hausse de 1/4 de tallari sur le Mit Afifi, ce qui est légitime avec la position des contrats, et de 1/2 tallari sur les Abassi et les Joannovich. Les provenances Haute-Egypte et Fayoum restent sans changement.

Liverpool semble définitivement rentré dans la voie normale pour les Côtés Egyptiens, dont les ventes, pendant toute la semaine, sont restées entre les 400 et les 700 balles par jour. Comme prix, il n'y a eu aucun changement.

De l'Amérique on ne signale rien de particulier: On y continue à croire à la hausse à cause de la demande de la part de la flature qui va coïncider avec une chute rapide dans les "insight" de Mars.

Graines de Coton

Les arrivages pendant la semaine ayant été supérieurs aux besoins de l'exportation, la conséquence immédiate de ce fait a été une accumulation marquée dans la demande, suivie tout naturellement d'un affaiblissement dans les cours. En effet, la cote du disponible que nous avions laissée à 69 vendredi dernier est tombée à 66 1/4. Pour la semaine prochaine, pourtant, on prévoit du mieux, à cause du fait que les embarquements atteindront probablement une centaine de mille ardebs ce qui entraînera une plus forte recherche pour la marchandise prête.

Les Contrats, au lieu de faire subir leur influence au marché du disponible, se trouvant du côté opposé pour cette fois, c'est-à-dire que pendant cette semaine ce sont eux qui sont essentiels de la faiblesse du spot. Seulement, la

baïsse que nous avons eu à enregistrer sur le cours de l'Avril n'est que de P.T. 1 1/2 d. 71 1/4, à 69 3/4 tandis que le recul du disponible a été de P.T. 2 3/4.

Tout occupé aux cotons, la spéculation a un peu négligé la graine; aussi les transactions y sont-elles restées modérées et peut-être même un peu trop limitées. Il est à croire cependant que cette position n'est que transitoire et que cette période de répit que nous traversons est salutaire et qu'elle va nous préparer le terrain pour une reprise des affaires.

De reste, l'article semble être dans une situation saine et à en juger par le petit calcul que nous donnons ci-après et qui nous a été suggéré par l'importance des exportations à ce jour, la probabilité de l'avenir sont en faveur de la hausse. La question principale est qu'on ne se livre pas à une manipulation prématurée et qu'on laisse le temps à la demande du dehors de se réveiller. La forte hausse de l'indienne, la réaction survenue la semaine dernière, d'autant plus que les expéditions de Février ne sont pas de nature à peser sur le marché de Hull et que la pression du surplus de Janvier, qui est en train de se vendre à 26.6/8d, est sur le point de disparaître.

Les arrivages de la graine, de lin à cette époque, quoique la récolte en soit très déficiente, peuvent entraver un peu notre graine de coton, comme aussi la graine de coton des Indes peut nous faire un peu de concurrence, mais tout ceci ne saurait être que transitoire, car avec les prix du premier article, la consommation continuera à travailler de préférence la graine de coton, d'autant plus que du côté de l'Amérique il faut s'attendre à un bon appui en tant que cela regarde les huiles de coton, dont les prix ne peuvent que monter avec une récolte cotonnière comme celle que les Etats-Unis ont cette année.

Voici maintenant le petit tableau auquel nous avons fait allusion et basé, pour cette campagne, sur la dernière estimation de la récolte par la Producers de 6 1/4 à 6 1/2, soit par près comme 1905/6, sur 5 Rotolis de graine en plus par cantar de coton égrené et sur une consommation locale égale à celle de la campagne dernière. De ces chiffres il n'y a pas de quoi s'alarmer, mais bien une amélioration à espérer en faveur de cette année.

TEA AND ALCOHOLIC DRINKS

ENDANGER THE KIDNEYS.

Alcoholic stimulants, and tea, have an injurious effect on the kidneys, irritating and inflaming the delicate tissues, and starting such complaints as: Burning Pain or Ache in the Back, Cloudy or Staining Urine, Excess of Urine, Sediment, Gravel, Rheumatism, Dizziness, Cramp in the Muscles and Limbs, Dulness of the Brain, etc. Doan's Backache Kidney Pills should be used occasionally by all who take Beer, Spirits and Tea, as this medicine soothes and heals the kidneys, cleanses the ureters and bladder, and flushes the urine poisons from the system. Doan's Pills are purely vegetable, and do not act on the bowels.

KENNETH BUILDINGS.

High St., Cowdenbeath, Scotland.
Dear Sirs:—I don't know how to express my gratitude for the relief Doan's Backache Kidney Pills have given me. For sixteen months I was tormented with sciatica; I could scarcely move, but since taking Doan's Kidney Pills I have felt nothing of the pain.

I can get about now with ease but before I was cured, my work and everything I did was a burden to me.

The pains were chiefly in my back and legs, and sometimes they were so severe that I nearly fell to the ground when out walking. At nights I was so bad that often I have had to get out of bed; I could not lie there and endure the agony.

Your Doan's Backache Kidney Pills have effected a perfect cure, and I've never felt anything of the pain since. Please make what use you like of this testimony, and believe me to be,

Yours gratefully.

(Signed) ALEX. W. GUTHRIE.

32 years later our representative visited Mr. Guthrie, and asked him whether he had found his cure to be a lasting one. "Indeed I have," Mr. Guthrie replied heartily; "there has been no relapse, and I have enjoyed excellent health ever since my cure by Doan's Backache Kidney Pills. I can get about well, and I never have any symptoms of kidney complaint."

Doan's Kidney Pills are sold by all chemists and druggists at 13 P.T. per box, or 71 P.T. for 6 boxes; or they may be had direct from the general agent for Egypt—Max Fleischer, Mousky Street, Cairo.

CHRONIQUE FINANCIERE.

Alexandrie, le 16 février.

Il n'y a rien de nouveau à signaler sur les marchés européens: le taux d'escompte privé reste invariable à 3 7/8 et le consolidé n'a subi qu'une baisse peu sensible à 90 3/4. La fermeté domine mais le calme est de plus en plus accentué: les engagements à la hausse sont insignifiants. C'est que la Conférence d'Algérie entre dans sa phase décisive avec la question de la police au Maroc, et l'on craint d'un trop d'engager à la veille de quel que panique, d'ailleurs sans fondement sérieux, car il y a trop d'intérêts vitaux en jeu pour que les gouvernements intéressés ne trouvent pas une solution pacifique. Les dépêches sont contradictoires qui nous arrivent sur la marche de la conférence ne manquent pas, cependant, d'écarter le marché et pour que la cote se maintienne au niveau actuel il faut que l'abondance de l'argent soit extraordinaire et que dans leur ensemble les autres conditions de la place soient exceptionnellement favorables.

Avec cette abondance des capitaux et cette abstention systématique des spéculateurs à la hausse, on comprend qu'une débâcle soit peu à envisager. Mais il faut s'armer de patience, car la monotonie actuelle, d'ailleurs probablement jusqu'à l'accord définitif des puissances.

Il nous n'avons pas à nous plaindre. Grâce à la situation et à la prospérité de l'Egypte, nous jouissons d'une sécurité exceptionnelle. Nos valeurs foncières et immobilières sont particulièrement à recommander à ceux qui veulent faire un placement à la fois sûr et rémunérateur. Sans doute, lorsque ces valeurs ont été possédées à un certain degré, il convient de se tenir en garde, mais toutes celles qui ont à leur tête une sage administration et qui s'occupent peu du cours d'émission sont appelées à une plus value appréciable. Ces principes que nous ne cessons d'exposer ont reçu une consécration nouvelle et éclatante cette semaine. Ainsi les Foncières et les Urbaines qui avaient haussé respectivement à 6 7/16 et 5 11/16 ont subi un arrêt; elles ont même reculé à 6 5/16 et 5 9/16; tandis que la Delta Land qui était depuis longtemps négligée à 2 1/8, s'est élancée à 2 3/4 en bonne tendance. Le Comptoir et les Building Lands ont également gagné 3/16 aux cours respectifs de 5 1/2 et 4 7/16.

Ce sont d'ailleurs là des exceptions, car les fluctuations de ces derniers jours sont peu sensibles et se balancent à peu près entre hausse et baisse. Parmi les améliorations il faut signaler les Dividendes Tramways qui gagnent 10 francs à 320, l'Alexandria Water 3/16 à 14 11/16, les actions de Jouissance Banq. du Caire 11 francs 1/2 à 283 1/2, la Banque d'Athènes 7 fr. à 144, la Deferred Delta 3/4 à 10 3/4, les Splendid Hotels 3/16 à 4 7/16. En revanche la National Bank perd 1/4 à 27 7/16 et 26 1/2, la Ramleh Railway 3/16 à 6 3/4, la Bédra 1/4 à 35, les Markets 9 pence à 25, les Cotton Mills 9 pence à 73, la Salt and Soda 1 shilling à 23/6, la part d. Fondateur Comptoir 3 livres 1/2 à 31.

La semaine ouvre incertaine samedi: quelques valeurs continuent à hausser, tandis que d'autres réagissent légèrement; de ce nombre sont les Nungovich, les Markets, les Salt and Soda et les Upper Egypt Hotels.

Lundi, en dépit du télégramme Reuter, notre marché s'anime et clôture ferme avec tendance à la hausse; les valeurs foncières dont le prix n'a pas été exagéré sont particulièrement recherchées. Le lendemain, l'ouverture à lieu ferme et en hausse, à la suite des marchés de Londres et de Paris; la dépêche Havas sur la conférence ne fait qu'accentuer ces bonnes dispositions, lorsqu'un plus tard le télégramme Reuter jette le désarroi dans la corbeille. Le jour suivant, mercredi, on débute faible sous la mauvaise impression de la veille, mais, Havas arrivant encore optimiste Reuter gardant le silence, la spéculation se ressaisit un peu, tout en se tenant sur la réserve; vers la clôture il y a un moment d'excitation. Hier et aujourd'hui cet état persiste: on est ferme sur toute la ligne, sans toutefois reprendre l'animation de la première semaine de Février. L'Agricole, la Banque d'Athènes, les Etablis, et surtout la Delta Land ont seuls donné lieu à d'importantes transactions. Comme fermeté, les valeurs foncières donnent l'exemple.

Tous frais déduits, les bénéfices nets réalisés par la Bank of Egypt s'élèvent à 2148.907, y compris le report de 212043. Le conseil d'administration propose de passer à la réserve 240000, de distribuer un dividende total de 18 pour cent et de reporter à nouveau 24.655.

Les Building Lands viennent de publier un état des propriétés qu'ils ont achetées depuis leur création. Des terrains qu'ils avaient acquis à un prix minime ont déjà été revendus avec un énorme bénéfice.

Une nouvelle Société d'Entreprises et de Travaux vient d'être lancée au Caire, au capital de 100.000 livres. Elle a pour but toutes opérations de courtages, d'achat et de vente de terrains, lotissement, amélioration, etc. L'émission a eu lieu hier et aujourd'hui à la National Bank.

Samedi a eu lieu au tribunal mixte du Caire la réunion des créanciers de la Société des Sucreries et Raffineries d'Egypte. Tous ont souscrit au projet de concordat préventif élaboré par la Société. Il a été donné lecture des accords intervenus entre les Sucreries et la Delta Sugar Corporation et entre Gault et la Société pour l'annulation réciproque des dettes, ainsi que des statuts élaborés par les actionnaires de la Société pour la sauvegarde de leurs intérêts et de leurs droits.

On procède actuellement aux essais des paquebots construits par l'Anglo American Nile pour la Menzaleh Co. Plus tard lorsque la navigation sur le lac sera assurée on fera d'autres lignes qui relieront le Canal de Suez au Nil, ce qui réduira de beaucoup le prix du transport des marchandises lourdes.

Il se confirme que la National Bank distribuera pour 1905 un dividende de 18 shillings ou 9 %, c'est-à-dire 2 % de plus que l'année passée.

M. Beckett qui était venu expressément pour l'inspection des Oasis est reparti pour Londres en vue d'exposer au bord des mesures immédiates à prendre pour la prospérité de la société. M. Beckett est attendu de nouveau en Egypte vers la fin février ou le commencement de Mars.

Les Estates viennent d'acheter la Chala Land Co à des conditions, paraît-il, très avantageuses. La Chala Land qui est divisée en 40.000 actions de 1 £ chacune possède 2.600 feddans d'excellents terrains. Les Estates se trouvent ainsi intéressés pour 1/4 dans la Borullos Land Co. La Delta Land est également intéressée pour 1/6 dans cette même société.

M. J. W. Williamson, de la Warden Estate Co., vient d'être nommé directeur de la Delta Land Co., en remplacement de feu Sir E. Palmer.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness - a broken-down system, of the vital forces that sustain the system. No matter what may be the cause (for they are almost numberless), its symptoms are much the same: the more prominent being, sleeplessness, loss of appetite or weakness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is the restoration of vitality.

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that an agent so powerful as this may be more certainly secured by a course of the celebrated life-restoring tonic.

THERAPION No. 3

than by any other known combination. No matter as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored.
THE EXPIRING LAMP OF LIFE LIGHTED UP AGAIN.
and a new existence imparted in place of what had so lately seemed worn-out, "used up," and valueless. This wonderful medicine is purely vegetable and innocuous, is agreeable to the taste, suitable for all conditions and conditions, in either sex; and it is difficult to imagine a case of disease or debility, which is destined to end in oblivion everything that had preceded it for this wide-spread and successful use of human ailments.

THERAPION

is sold by the principal Chemists throughout the world. Price in England 1/6 and 4/6. Purchasers should see that the word "THERAPION" appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Sold by R. Del Mar, Alexandria, Cairo & Port Said

DR. LE CLERC'S PILLS

For the Liver & Kidneys

are an unfailing and reliable remedy for diseases of these important organs, gout, rheumatism, gravel, pains in the back and kindred ailments (acquired or constitutional). Sold by principal Chemists, not in loose quantities, but only in boxes, price 2s. 6d. bearing the British Government Stamp with the words Eugene Le Clerc, impressed thereon to protect the public from fraud.

DR. LE CLERC'S SOAP.

Medical, antiseptic, used and recommended by eminent dermatologists in the treatment of eczema, lepra, psoriasis, alopecia, skin eruptions, itching and irritating skin humours, baby rashes, etc., also a prophylactic against the risk of contracting disease and infectious disorders generally. Its healing properties greatly minimise the inconveniences of shaving in cases of simple, spots, warts. In Tablets, price 1s. sold by Max Fischer, Cairo and Alexandria.
